## HIGH SCHOOL TEAM GETS STIFF WORK

**Coach Moore Prepares to Win Buckhannon Game Saturday.**

With Mannington off their hands, the Fairmont high school men are now working for the game with Buckhannon here Saturday. Judging by comparative scores, the locals will win from the Buckhannon boys, but they are not neglecting hard practice.

Coach Moore said today: "There can be no doubt but that the Fairmont team has improved fifty per cent. with each week's practice since the first game with Clarkburg, and I believe that the team is capable of another such improvement this week before the Buckhannon game."

The eleventh hour shifting of Captain Meredith to left tackle on defense and the shifting of Hill from left guard on offense to left half on defense proved a good change and strengthened the left half of the line one hundred per cent. The only injuries received in last week's game was a wrenched side by Horchler and a sprained wrist by Hutchinson. Both are expecting to be in the game Saturday.

The work this week will be largely with the back field men in the perfecting of end runs and forward pass formations. An effort is being made to get the Clarkburg second team here to play the Fairmont reserves as a preliminary to Saturday's big game.

## Easy Marks and K of C Win Temple Matches

The Easy Marks whitewashed the No Hopes in the first match of the Monongah Glass league in the Temple alley last night. Tomorrow night the Windjammers and the Dumbbats meet.

Easy Marks	No Hopes
L. Brown .....	87 69 65-221
Ford .....	75 68 74-217
R. Ro'm'kle .....	99 106 93-298
Totals .....	261 243 232-736

Totals .....	316 337 368-1021

## Monongah Glass Wins Three Games at 'Y'

Monongah Glass took two of three games from the Traction bowlers last night on the "Y" alleys. In the second match the trolley rollers took two out of three from the Fairmont Mining Machinery company. Cunningham made a new individual record on the "Y" alleys with a three-game total of 354. The Traction team made a new team record with 1,529 for three games.

**MECHANICS ORDER CHANGES NAME.**  
CHARLESTON, W. Va., Oct. 24.—The name of the Senior Order of United American Mechanics will be changed next year to "Order of United American Men," officials of the order were informed today. The change was advised to obviate the impression that the order is a trade union of mechanics rather than a fraternal body. The new name will be formally adopted at the national council of the order, which will be held in Harrisburg, Pa., next August.

**SOME INSIDE STUFF**  
When writing a novel, always be sure to have a clumsy heroine. Have her trip lightly into the room and fall in her lover's arms.

**AHAI FOUL PLAY.**  
"The cook was mixed in two packages delivered at the back door that morning."—Cleveland (Ohio) Press.

## ONE-ARMED STAR MAY KEEP DARTMOUTH ON GRID MAP!

BY PAUL PURMAN

The rugged Dartmouth eleven this year will rely on a one-armed giant to hold down the left tackle position. He is Neeley, the find of the season at the New Hampshire school. His right arm was amputated at the elbow, the result of an accident in his youth. Early accounts of the Dartmouth team in action indicate that Neeley is a terror on the line and will be one of the prize linemen of the east this season.

Neeley uses the stub of his maimed arm with telling effect in blocking and straight-arming.

In early workouts a number of candidates with two good arms were out for the tackle positions, but Neeley's work was so far above average that he had little trouble in clinching the position for himself.

Dartmouth looks like a good bet in the east this season and should rank close up to the Big Three at the end of the season. If early season dope works out, no little of the Green's success will be attributed to the one-armed star.

## HARRISON'S STORE HAD RAPID GROWTH

**Generous Advertising and Right Prices Did It, Says Proprietor.**

Harrison's department store, from A. Harrison, the enterprising proprietor, down to the smallest delivery boys, is celebrating this week the sixth anniversary of a business which was started in a small way on Madison street and has grown until it is one of the best known establishments in this section of the state.

The Harrison store ranks well up toward the top in the matter of size among the business establishments of Fairmont, but much more could be used if it were possible to arrange for it. It is packed with stock from the cellar to the roof and at all times during business hours the aisles are crowded with customers.

Enjoying rare popularity and a consequent large volume of trade the Harrison store is able to turn over its stock many times during the course of a year, and that makes it possible to have every thing fresh and up-to-the-minute. A. Harrison, the proprietor, attributes the truly wonderful growth of the business during the six years it has existed to three things, a generous advertising appropriation, truthful advertisement and a policy of right prices.

## Court News

**Deeds Filed**  
Margaret E. Oliver et al to John A. McCracken, real estate in Union district, \$500.  
Thomas J. Wilson et al to May E. Bailey, real estate in Wilson addition to the Fairview cemetery, one dollar and further consideration.  
Pipe Line grants to Pittsburgh and West Virginia Gas company in Fairmont and Lincoln districts.  
James A. Meredith, special commissioner, to Arthur M. Holbert, real estate in Lincoln district \$1,200 and other consideration.  
Minnie Pearl Holliday et vir to J. D. Furbee oil and gas claims on South Fork of Pyles Fork of Buffalo creek, \$50.  
John E. Snoderly et ux to Patsy Sacci, real estate in Virginia avenue, \$1,000.

**Marriage Licenses**  
Curtis L. Starkey, 21, and Laura S. Straight, 21, Mannington.  
Friend C. Landenslager, and Grace M. Toothman, 19, Mannington.  
Claude S. Pitzer, 32, and Gladys Duncan, 23, Farmington.  
Cecil S. Straight, 21, Silverville, and Alma Toothman, 20, Grant Town.

Mike Gibbons is getting into Benny Knuff's class. He admits he's the greatest fighter in the world.

Do you want the people to rule and control government that is on the level? Vote for the Republican county candidates.

## FINALS IN LADIES GOLF TOURNEY ON

**First Round Matches Played Yesterday—Good Scores Made.**

The first round matches in the ladies' annual fall golf tournament on the Country Club links were completed yesterday and today the tournament will be finished. Interest is very keen in the contest and excellent scores and good playing is expected on the course today.

The scores yesterday:

## HOW TO REDUCE YOUR WEIGHT

**A SIMPLE, SAFE, RELIABLE WAY.**  
People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercise, here is a test worth trying. Spend as much time as you can in the open air, breath deeply and get from Martin's Drug Store, 325 Main Street, a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, as pleasant to take, as helps digestion. Even a few days treatment has been reported to show a noticeable reduction in weight footprints become lighter, your work seems easier and a lighter and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.

## Evening Chat

Five hundred people had a laugh last night that was not on the program, during the showing of "Just Folks." One of the pictures shown in connection with the Made-in-Fairmont picture was one of the Napoleon and Sally chimpanzee pictures. A lady who thought that "Just Folks" was the only picture to be shown came in as Napoleon, the chimpanzee was in the middle of the picture. She stopped dead still.

"Good Lord! That's nobody! I know it!" she said, and so surprised was she that her voice carried all over the theatre. For three minutes the audience roared with laughter.

Large mounted photographs, posed by expert salespeople illustrating some particular phase of scientific selling, are being used by Jones department store in a course of salesmanship being given free to every member of the Jones selling force. The course embodies all that is latest and most scientific in the art and is expected to make the Jones organization able to render the maximum of service to the public.

Classes are held at regular periods and all matters incident to selling in the store taken up and discussed by the salespeople themselves. Suggestions and criticisms are made and action taken regarding them. The classes have been in operation since September 1.

One of the features of the course is the bulletin board used in connection with the posed photographs. This bulletin board was placed in a window of the store last week and patrons informed of the efforts being made to render them better service. On the board is mounted the photographs, showing all the details of a particular sale and at the bottom is a box into which the salespeople are asked to drop their suggestions and criticisms incident to the particular thing taken up in the lesson.

"It is more than a success," said Mr. Jones, speaking of the course, "and is in line with our efforts to give people something better, in this instance giving them I believe, the most efficient selling service possible."

## SPORT NOTES

Joe Walcott strikes on ocean liner. It used to be that Joe and work weren't on speaking terms.

Ten thousand New York cooks are going to strike. Good thing Dave Davenport doesn't live there.

The Adelphi academy football team defeated 113 to 0, has disbanded. Can't blame 'em old top.

**JOBS WE WOULDN'T WANT.**  
Janitor of a ball park in the winter time.

We haven't heard anything from that beauty specialist who was to work on Bat Nelson's landscape. Bet he quit.

Our team was inferior, says Robbie. Well, he might just as well admit it, nobody would have taken an alibi anyway.

The National Association of Minor leagues is to meet in New Orleans. Yes, boys, the New Orleans bartender are pretty good.

For the sake of a few votes the Democratic county ring protects bootlegging and makes a joke of the Yost law. Vote the ring out of office.

**Ready With the Finest Men's Suits and Overcoats \$15 to \$30**

Every Good Kind of UNDERWEAR 50c to \$3.00.

**Hartley's**

The Newest Sweaters, Gloves, Shoes, Hosiery

afford to spend any for himself. He must stick it out.

Everyone knows this man and in Fairmont there are hundreds more like him. He is called the stay-at-home voter. He is the man who decides great national elections.

Perhaps if the party workers would not annoy him so much he would come out and vote. He is shy and timid and wishes to do the best thing for his family and the nation. He is a great responsibility and he unable to view the situation other than seriously.

What will he do?

## NEW YORK LETTER.

(From Our Regular Correspondent.)

**SAMUEL GOMPERS'** effort to deliver the vote of the American Federation of Labor in Indiana, in favor of those Republicans who have followed the course of Gompers' political experiments in the past. In fact, no sooner had Gompers issued his appeal to the Federation of which he is president, to vote for Wilson, than the Building Trades Council, including thirty-four trades with a membership of approximately 165,000 wage earners, seventy-five per cent. of whom are mechanics, adopted a resolution condemning the Wilson administration "for lack of sympathy with the American workmen," and appealing to the 1,500,000 voters who constitute the Building Trades Department of the American Federation of Labor to "work and vote against the re-election of Woodrow Wilson." The Building Trades department constitutes more than half of the Federation of Labor.

This appeal is one which will be of special interest to railway workers as well, because the grounds on which it is based involve Gen. George W. Goethals, whom President Wilson has just appointed head of the special commission on railway wages and conditions, created by the Adamson law. The resolution is based on the treatment of organized labor by General Goethals and the present administration on the Panama Canal Zone. The Building Trades' appeal says, "Our several national organizations have vainly complained to the Federal government through the War Department that alien, ignorant, unskilled laborers are being employed in gradually increasing numbers in the mechanical division of our several trades at a wage of fifty per cent. lower than the prevailing rate wage, which is generally recognized and agreed to by our competitive contractors."

The Railway Gold Brick.

Evidence that President Wilson and Congress gold bricked the Railway Brotherhood leaders when he handed them the Adamson law continues to multiply. The fact is that no one is certain just what the Adamson law does, and the fear that it will compel all railway trainmen to work eight hours, whether they finish their run in less time or not, is rapidly increasing. That the Brotherhood themselves are unable to answer this question is shown by the following statement issued by Grand Chief Stone, of the Brotherhood of Locomotive Engineers. Chief Stone issued and caused to be sent to all members of the Brotherhood a circular letter, dated October 10, in which he says: "We are receiving a number of letters requesting definite information regarding the application of the Adamson eight-hour law, but we are not in a position to give any definite information on this subject, because we do not know yet just what the law does. We are, however, from time to time furnishing the general chairman with such information as is obtainable in the matter." The day before this statement was issued Mr. Hughes, speaking at Newark, N. J., said, "Any legislation is likely to carry with it unwelcome

surprises. If eight hours is to be a 'measuror or standard of a day's work' for the purpose of reckoning the compensation to be paid, how are those men left who complete the prescribed number of miles in less than eight hours?"

**Will Reduce Men's Wages.**

An expert opinion has been given in answer to this question by Hon. Milton L. Clawson, the foremost attorney for organized labor in Indiana, in a carefully prepared statement. Mr. Clawson says, "We are of the opinion that within the eleven months as a maximum period, the trainman who travels 100 miles in five hours will receive his proportionate part of the eight hour standard pay." According to Mr. Clawson's legal opinion, therefore, the locomotive engineer who now makes \$6 for his day, or his 100-mile run, will, under the Adamson law, when he completes his run in five hours, make five-eighths of \$6, or \$3.75.

**New Jersey and Kentucky.**

That Hughes will carry New Jersey, President Wilson's own state, by from 50,000 to 75,000 majority is the confident prediction of A. K. Bugbee, Republican state chairman. There is entire harmony between the two factions of the Republican party and former Progressives are working shoulder to shoulder with the straight Republicans. In the estimation of some astute Democrats the last state election in New Jersey indicated a 60,000 majority for the Republican candidate this fall. From Kentucky come the most encouraging reports and A. T. Hert, head of the western headquarters of the Republican National committee, sends the most promising accounts of the situation in Kentucky which state he believes will cast its 13 electoral votes for Hughes. Mr. Hughes, Col. Roosevelt and finally, Raymond Robins, have had wonderful meetings in Louisville and elsewhere in that state.
